What's New In?

PetraSell - POS Inventory Tracking is a great invoicing system that can also manage inventory. PetraSell inventory management is done through the 'Manage Items' page of the 'Inventory' section of your PetraSell account. You can also track your inventory against each purchase order and track your purchase orders through the PetraSell purchase order system. Through the 'Purchase Orders' page of the 'Purchase Orders' section of your PetraSell account, you can manage all of your purchase orders and view purchase order details as well as purchase order status and quantity information. PetraSell is a Point of Sale inventory management system that offers automated accounting, client invoicing and tracking, purchase orders, cash register, and many more. Get PetraSell and give it a try to see what it can actually do for you! Automatic accounting via your PetraSell account One of the most exciting benefits of PetraSell is the ability to make all of your accounts payable automatically. You can keep track of all of your accounts payable from your PetraSell account without having to even write a single line of code. PetraSell includes a number of different accounts payable services that automatically keep track of your accounts payable and send invoices based on purchase orders that have been assigned to a customer. Purchase orders PetraSell allows you to create purchase orders and to sell products or services to customers. PetraSell also allows you to track the status of purchase orders and to reassign purchase orders to your employees. With PetraSell you can set up automatic account statements, with the ability to customize them for each customer, sub-account, or bill type. PetraSell also allows you to set up alerts and reminders to make sure that you are not left behind on bills. It is very easy to set up automatic account statements in PetraSell. Stock With PetraSell you can track and manage your inventory and products in your store. PetraSell allows you to assign purchase orders to your employees or to your customers. PetraSell also allows you to track inventory quantities and priorities, and to track the status of your purchase orders.
