You can create separate layers in different styles, which you can modify independently of one another. When you create a new document with Photoshop, you see at least one layer panel, with the Name, Layer, and Layer Mask icons in the upper-left corner (see Figure 16-5). These tools allow you to name, set the transparency of, and merge layers. \*\*Figure 16-5:\*\* If you click the top Name icon, you see the layers panel; if you click the top Layer icon, you see the Layers panel. To create a new layer, simply click the New Layer icon. The New Layer icon is at the bottom of both panels in Figure 16-5. You can also see the New Layer option in the menu that appears when you choose Image⇒New.

## What's New In Photoshop 2022?

The latest Jets rumors: QB Josh McCown is expected to be the Jets' starting quarterback, but he faces competition from Christian Hackenberg, Bryce Petty and Teddy Bridgewater, according to Mike Florio of Pro Football Talk. Florio added that McCown could also end up being the backup to whichever quarterback eventually wins the job. McCown, 31, is signed through 2019 but is listed as a game-manager who would be best suited as a backup with potential to be the starter if needed. "He's a nice guy, pretty intelligent," coach Todd Bowles said of McCown, according to Florio. "He's the quarterback of the future. That's my goal for all the guys out there." McCown has made 59 regular season starts and has thrown for 9,022 yards with 36 TDs and 37 interceptions with an 81.2 passer rating. He spent three years with the Bears from 2011-13. The Jets signed McCown to a one-year deal worth \$5 million and \$6 million, with \$3.5 million guaranteed, in March. He was originally drafted by the Bears in the third round in 2008. McCown signed with the Jets on March 16 after he decided to take a pay cut from his \$17 million, three-year, \$36 million deal with the Bears. McCown had a career-high 94.8 passer rating in 2017, throwing 17 TDs and just three interceptions in 12 starts as a starter for the first time since 2015. He spent his first four seasons with the Bears (2011-14) and started 24 games, throwing for 8,577 yards and 59 TDs, with 37 interceptions and a 91.7 passer rating. McCown's deal for 2018 went unsigned until May 26, when the Jets were among the teams to offer him a one-year, \$5 million deal.
